

Oils & Shortening

IDEAL FOR DEEP FRYING

TruFry

TruFry High-Oleic Canola Oil is your first choice for deep frying applications. Produced from high-oleic canola, this high performance oil has a high heat tolerance.

- Longer fry life for less oil changes
- The optimum oil for all fried foods especially bone-in chicken
- Non-hydrogenated & trans fat free
- Can be filtered cold or hot

TruFry

100% High-Oleic Canola Oil

Product Code: 2700062045

Pack Size: 35 lb JIB

SMART CHOICE BLEND

Smart Choice High-Oleic Canola Oil and Canola Oil blend has the high stability characteristics of high-oleic canola oil, making it a better alternative to commodity oils.

- Ideal for pub food and wings
- Light clean taste and resists flavor transfers
- Non-hydrogenated & trans fat free
- Can be filtered cold or hot

Smart Choice Blend

High-Oleic Canola Oil & Canola Oil Blend

Product Code: 2700062035

Pack Size: 35 lb JIB

SMART CHOICE CREAMY

Smart Choice Creamy Shortening is a blend of canola oil with the creamy appearance of palm oil. Pourable and easier to handle than solid shortenings, this product does not separate.

- Fries stay crispier longer compared to clear fry oil
- Great for blanching fresh cut fries
- Equivalent absorption to clear fry oil
- Non-hydrogenated & trans fat free

Smart Choice Creamy

Canola Oil & Palm Oil Blend
